

Technical Data Sheet

SNX-200H

Nanosized polystyrene bead dispersion

Test Name	Min/Max/Text		Test Method
Appearance	White liquid		visual
Mean particle size, nm	150	250	SEM/Laser diffraction analysis
pH	2	4	pH meter
Refractive Index	1.59		
Thermal property	295 °C		
Hardness	25		10% compression strength, Mpa by MCTM

12% dispersion in water

Shelf life: three years in closed container
